

# JG LUBRICANT SERVICES

**Chips and salsa, beer and brats, RVs and tailgating ...  
all winning combinations !!**

**JG Lubricant Services** understands your love of football and why you arrive early at the stadium on a crisp cool fall Saturday. There's just nothing like getting together with your fellow RV'ers for a pre-game tailgate party. We can't imagine you and your family missing out on these special times because your RV is in the shop for repairs. So, during September and October, we're offering a special **"Fall Fling" value discount** on our Oil and Coolant Analysis Kits.

Don't get caught doing maintenance instead of cheering your favorite team to victory. Visit our website at [www.jglubricantservices.com](http://www.jglubricantservices.com) today to see just how easy it is to sample your RV engine, transmission and generator and how cost effective it can be to keep your RV's mechanical systems in "tip top" shape and ready for the next Tailgate Party.

Maintenance Item	Typical Cost	Cost of Analysis	Savings
Engine oil and filter change	\$250 - \$350	\$23	\$200+
Transmission Fluid and filter change	\$350 - \$500	\$23	\$300+
Coolant change and system flush	\$300 - \$500	\$30	\$250+
Paying for oil and coolant changes <u>only</u> when necessary and knowing your engine, transmission, cooling system and generator are ready for the next "big game" ...			<b>Priceless</b>

**Can you really afford to be in doubt about your RV's readiness to hit the road when it's football season and your team is playing at home?**

When the "big game" and the weekend rally at the stadium are on the line, make sure you're in the Red Zone and go for the win. Get your "Fall for little more than you'd pay for a good meal at your favorite family restaurant, you can find out if your oils and coolants need to be changed or if your engine, transmission, cooling system or generator have contamination or wear issues. Why not go the extra step to add oil and coolant analysis to your next RV service event.
